

**Orbital Sciences Corporation
Launch Systems Group**

QUALITY PROVISIONS STANDARD TEXT CODES	
TITLE BASIC QUALITY SYSTEM REQUIREMENTS	NUMBER 0114.1
	DATE 1/22/09
<p>The supplier shall maintain a basic quality system that ensures accurate processes exist for; Customers' purchase order review; Positive traceability for serialized, lot, and date coded items; Supplying manufacturer's certifications and applicable shelf life limited information as requested per Orbital purchase orders, and; Supplying applicable test reports as requested per Orbital purchase orders. Orbital reserves the right to conduct surveillance at the supplier's facility to determine that the supplier's quality system is meeting the requirements stated herein. Any perceived or actual approval of supplier's program by Orbital does not constitute acceptance of goods or services or relief of purchase order or subcontract requirements.</p>
