PRE-ENVIRONMENTAL LOT ACCEPTANCE TEST (PRE-ELAT) INSPECTION AT SOURCE REQUIRED	DATE 1/14/09
<p>A Pre-ELAT (Environmental Lot Acceptance Test) inspection at source is required on this order. Prior to item(s) being chosen for ELAT testing, an inspection of the item(s), relative documentation and all Nondestructive Test (NDT) and in-process testing documentation, will be accomplished on-site by an authorized representative of Orbital Quality Assurance. Prior to presentation of the item(s) for Orbital inspection, the item(s) shall have completed all applicable manufacturing, in-process testing and inspection, and meet all of the requirements of the purchase documents as directed and amended therein up to the point of ELAT. Orbital requires at least 10 business days advanced notice prior to the expected time of the presentation of the item(s) to Orbital for Pre-ELAT inspection. Relief from this inspection requirement may be obtained via a written waiver of the requirement from the Orbital Procurement Agent signed by Orbital Quality Assurance.</p> <ul style="list-style-type: none"> • The supplier shall provide reasonable facilities, equipment, and assistance, including access to all quality records and related data for the contracted items(s). • Compliance to this requirement shall be denoted by a stamp and/or signature of the authorized Orbital Quality Assurance representative on the Pre-ELAT Source Inspection Record to be included in the shipping documents package. • The ELAT samples shall then be chosen for testing. Final acceptance of the item(s) will be completed pending acceptance of ELAT results.
