TITLE	NUMBER 1353.1
SAMPLE PRINTED WIRING BOARD (PWB) RETENTION AND DOCUMENTATION SUBMITTAL REQUIRED	DATE 1/14/09

The supplier shall retain, per the records retention requirements of this order, test samples, coupons, and microsections for each Printed Wiring Board (PWB) included in the item(s) on this order traceable by lot and panel to serialized PWBs included in this order. A microsection test report from a DSCC approved laboratory showing as applicable compliance to IPC-6012, Class 3, MIL-PRF-55110 or MIL-PRF-31032 requirements shall be submitted with the delivered PWBs to Orbital. If this documentation submittal requirement has been complied with on previous deliveries of items from the same traceable lot and panels, the supplier may choose not to submit this same documentation with the order but instead, will then include a statement as such which includes Orbital's purchase document number and supplier's shipper number that contained the documentation submittal. The supplier shall provide the retained test samples, coupons, microsections, to Orbital upon request. The supplier shall ensure that these requirements are flowed down through the supply chains for the subtier suppliers that provide PWBs in support of the item(s) on this order.
